The Teachers' Convention at Lethbridge

The following is a part of the Lethbridge Herald's report of the teachers' convention which was held last week.

"If ever a convention, had a heavy session the teachers did this morning. From 9 a.m. till 12:15 the time was fully occupied and the large percentage of teachers in attendance during the entire morning is ample evidence of the value and interest of the addresses.

It would be hard to imagine where three other speakers could be obtained who would so completely fill the time. There was not a single minute, in all, some present thought, was not presented to the convention.

"Mr. Jos. Morgan of Edmonton, superintendent of schools among new Canadians, spoke on the subject of our needs. Having spent 15 years in educational work in southern Alberta, both as teacher and inspector, he needed no introduction to the convention.

"This was followed by an address by Mr. Wm. G. Moffatt, Supervisor of Music in Clareholm school, on 'Folk Music'. Mr. Moffatt prefaced his paper by the reading of several selections from Russian, English, Irish, French, Norwegian, Creole, Mexican and Spanish folk music illustrative of the statements in following. He showed how folk music had been influenced by climatic, geographic and political conditions, and showed the effect of it on occupation, etc. It was shown how modern inventions had mitigated against the present development of this type of expression. A request was made from the floor of the house that the paper be secured for publication, to which Mr. Moffatt readily consented, so that the readers of the Herald may have the privilege of having it before them in its entirety."

G. W. V. A. Entertainment

The Great War Veterans' entertainment was a great success. The hall was filled to capacity and all enjoyed the excellent program greatly.

Mrs. McKinney and H. O. Haslam both gave very entertaining addresses.

A splendid musical program was provided, the following musicians taking part: W. G. Moffatt, Mrs. McCandell, Miss Eva Moffatt, Warren Hillier, Miss May Amundsen, R. S. Law, and the Clareholm Orchestra.

After the entertainment lunch was served in the club rooms.

Following the lunch a dance was given in the Odd Fellows' hall which was well attended and thoroughly enjoyed by all present.

A handsome sum was realized which goes to fitting up the club rooms.

Editor Review-Advertiser.

The Clareholm Great War Veterans take much pleasure in expressing themselves through the medium of your columns, as being deeply grateful for the very generous donations received from our worthy patroness Mrs. L. C. McKinney, also N. Holmes, Miss Peet, and the Red Cross.

We also take this opportunity of thanking all those who so ably assisted us at our recent entertainment.

T. A. Murray, H. P. Filleul, President, Sec.-Treas.

The Vancouver Daily Province in reporting the recent fair in that city, has this to say in reference to Mr. H. J. de Forest, father of L. G. de Forest of Clareholm:

"H. J. de Forest, Director for many years, has headed the fine arts department. He has surrounded himself with enthusiasts and artists, and against adverse conditions has maintained a good display in his art gallery."

"That veteran painter of the mountains, Mr. H. J. de Forest, has nine characteristic works in the fine arts department, one of Mount Robson, with a grand sky, attracting much notice, while paintings of the Fraser at Chilliwack and a scene on the Second Narrows should be seen by visitors to the fair."

And now on top of its political troubles, Ontario is undergoing a smallpox epidemic.

Make Your Dreams Come True

Fond parents dream of a bright future for their children.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in her sphere of womanhood.

They dream of the education they are going to give their son and vision him some day as a clergyman, a famous lawyer, an eminent physician, a prominent financier, or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight planning and money.

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918.

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year?

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy

CANADA'S FUTURE DEPENDS ON LOAN

Steady Employment and Prosperity Hangs on Victory Loan.

Canada's future prosperity depends to a great extent upon the success of the Victory Loan. No country can exist upon trade within its own boundaries. Canada counts on the trade with Great Britain and other allied countries to keep the flow of goods in the country.

The surplus products of the farm and the factory find their way across the seas. The revenue of the farmer and the manufacturer is dependent on this trade relationship being sustained. The employment of many hands depends on the orders that come to the firm. The pay envelope only comes with steady employment.

Great Britain and overseas countries are still desirous of continuing trade relations, but, overwhelmed with war expenses, they must be given credit for the time being. The farmer and the manufacturer must be paid for their products and manufactured articles in cash. Therefore, Canada must finance the proposition to keep the tide of commerce coming this way. But in order to have the money on hand to do this great thing, Canada must borrow from her people. The Victory Loan offers bonds to subscribers paying 5 1/2 per cent. interest. The guarantee behind the bonds makes them an absolutely safe investment. Victory Bonds are accepted as collateral at any bank, and can easily be turned into money at a profit. It is then the necessity of every Canadian to subscribe for all the Victory Bonds he can, for it is profitable, it is patriotic, and it is necessary for the continued prosperity of the country.

CANADA NEEDS MONEY

War Expenditures Still to Be Met From Proceeds of Victory Loan.

The war is over and won; but Canada's main expenditures for war will not be complete until well on into 1920. The \$510,000,000 raised last year has all been spent, 1,400,000,000 having been largely devoted to soldiers—to maintaining them, bringing them home, providing the necessary medical services, training them. Most of the balance of the loan was lent to Great Britain to enable her to buy our surplus products. And money is still necessary for our soldiers, for providing markets for our surplus products, for the needs of reconstruction. And that is why another Victory Loan is necessary. Canada still needs money, and needs it badly.

A Good Investment.

Speculation is one thing. Investment is another. The majority of citizens want an investment, not a speculation. And they want a safe investment. Victory Bonds fill that requirement as does no other investment. Because behind every bond there is the national wealth of Canada—a wealth so great that it staggers the imagination.

Canadian Bank Clearings.

That Canada is well able to support the Victory Loan is clearly shown by the Canadian bank clearings for the current year. They indicate that the year's total will exceed \$15,000,000,000 compared with \$12,500,000,000 in 1918. And this year's total clearings should be three times those of 1919.

Must Subscribe More.

Deviding the people of Canada into three classes—the comparatively poor, the moderately wealthy, and the very wealthy—it would seem that if contributions to the Victory Loan constitute service to the nation, the moderately wealthy class is hardly doing its share. Of the money subscribed to the Victory Loan 1919, two hundred and seventy-one million dollars were in bonds of \$2,000 and under; ninety-four millions in bonds of between \$5,000 and \$25,000; and three hundred and one millions in bonds of \$25,000 and over.

Be true to yourself. Buy Victory Bonds.

You did it before. You can do it now. Buy Victory Bonds.

Canada pleases her debt and her war debt. Indeed, that pleases in Victory Bonds.

If the fighting were still raging, you wouldn't hesitate to buy Victory Bonds.

To make the Victory Loan a success is a national obligation. It may be that you are the driving factor.

If you are concerned about the future of our country, buy a Victory Bond and make it a more thing.

Don't forget the future of your children. Lay a good foundation with a Victory Bond.

Would you lend a soldier \$50 if he had no money? Buy a Victory Bond and lend the military something.

If you appreciate a good investment, you will buy a Victory Bond.

You do not know how you will get on in the future. Buy a Victory Bond and you will be sure to succeed.

CANADA'S FINE RATING

At the present time Canada's rating on the New York money market stands higher than that of any foreign nation and it is possible for her to obtain funds on that market on more favorable terms than any other country. The reason for this, as any financier will vouch, is Canada's increased production and the prosperity she has enjoyed by the sale of her surplus products at favorable prices in Great Britain and Europe. This vast system of marketing was effected through credits for which Victory Loan subscriptions provide the working capital. If for instance the public should turn an indifferent ear to the Victory Loan salesmen now at work, our prosperity and credit would be impaired, our production dwindle and everyone would feel the menace of poverty. There is good reason to hope that Canadians are awake to their responsibility and opportunity.

The alliance to Canada's high rating on Wall Street brings up another phase of the loan question. While Canada can borrow abroad on more favorable terms than any other nation, it is not desirable that she should do so:

for that would take large sums out of the country in annual interest payments. It would help build up the prosperity of the United States at our expense. It is much more expedient that Canadians should themselves be the lenders, and that the interest should stay in the pockets of her own people. If it is profitable for Wall Street to loan money to Canada it is equally profitable for Canadians to loan money to their country.

Rest With Nature

The closer you follow the rules of Nature the more you will accomplish, and the longer you will live. Even Nature takes her rest during the winter months—why not you? Spend this winter at the Pacific coast, where you can enjoy summer pastimes, ride motor, golf, in the big outdoors. The Canadian Pacific Railway operates three through trains daily to Vancouver including the fast all-seeing car train "Trans-Canada Limited." See the magnificent mountains in their winter garb; the open seas and green fields—all this and more await you at the Pacific coast.

Call or write for full particulars to any agent of the Canadian Pacific Railway.

Why You Should Buy Victory Bonds

Because You will get 5 1/2 per cent interest on your money.
You will get full value for your money practically at any time you may require it.
You will be taking advantage of your last chance to subscribe to a Canadian Victory Loan.

ALL TOGETHER

We are on the last week of the drive. Let us make it a bumper. Keep Alberta on the map. Sir Henry Drayton in his speech at Edmonton last Friday said:--

"On the right we have Organized Labor solidly behind the Loan; on the left Capital is subsiding in huge sums; the center, which represents the People, is the weak spot."

Therefore this week let us all concentrate on the \$50 and \$100 subscriptions. By using the Bank installment cards and paying 10 per cent down and 10 per cent monthly, every citizen can become a bond holder, and in Canada's interest this is most important.

For a final tug-of-war, all together, workers!

Manager Edlund of the Rex theater has booked the Hippodrome Vaudeville Circuit for one of their big road shows once a week, every Thursday night.

The ladies of the Presbyterian church are holding their annual entertainment in the I. O. O. F. hall on Wednesday evening, Nov. 26th. A good program is being provided and refreshments will be served during the evening.

The missionary address given by Dr. Buchanan at the Presbyterian church on Wednesday was very interesting. The doctor has been in India working amongst the Bhili tribe since 1888 and has seen the change from rank demon worship to Christianity. His lecture was illustrated by lantern slides descriptive of life in India. It is strange that so few turn out to hear the life experience of a man such as Dr. Buchanan. The lecture deserves a much larger audience. Those who were present felt themselves well repaid for the little effort and time required to attend.

Wanted by the New York police--on a charge of murder.

This is the greeting Rosemary receives on her home coming from a party. See Mary Miles Minter in "Rosemary Climbs the Heights" at the Rex next Friday and Saturday.

The great picture "Mickey" is coming to the Rex on Monday, November 17, for one night only. This film had a run of 18 weeks at the Grand Opera House, Toronto--a record never equaled by any other picture. An eight weeks' run in Winnipeg, and three weeks in Calgary.

We are sorry to learn of the death of John Barley, son of Thomas Barley. He was with his brother on the Peace River and intended spending the winter there. About two weeks ago he drove about 13 miles to the post office and was overtaken with a blizzard. The cold was intense and while he managed to reach his destination he was so far exhausted and frozen that he died shortly after. Mr. and Mrs. Barley lost a son in the death and we are sure this community deeply sympathizes with them in their bereavement. Jack Barley was well known and universally liked. He was about eighteen years of age.

The Lutheran Young People's Society held a very pleasant farewell reception in honor of the former president, Miss Alma Johnson, at the home of Rev. and Mrs. Fatland last Thursday night.

The program consisted of several songs by the audience, a vocal duet by Misses Nettie Thompson and Pauline Anderson, a piano solo by Miss Elvora Frederickson and addresses by the new president, Miss Edna Berg, and the pastor. The guest of honor was presented with a valuable suit-case and a beautiful Luther League emblem as tokens of goodwill and appreciation for services rendered in the church.

Refreshments were served and a social time enjoyed after the program. Miss Johnson expects to attend the convention of the Central Alberta Young People's League at Donald, November 15, 16, 17, as a delegate from the local society. After the convention she leaves for Spokane, Washington, where she will spend the winter.

"I heard him cry 'Oh, Daddy, Daddy' above the stretch of the broken," she continued, in a dry voice.

"Sorrow is a strange thing," she went on, after a pause. "I don't seem to understand, but it seems to have its place in life. I fancy this would soon be a pretty deplorable world if there were no sorrow in it."

I have been told that sometimes fruit trees refuse to bear until they have met adversity. Then the gardener burns a hole in them, or some thing like that, and behold, next season they bear. Sounds silly, but they say it's fact. I guess it's not a natural law. Well—she passed again and when she spoke it was in a lower, more confidential note.

"I shouldn't tell you this, Dave. I shouldn't know it myself. But before that things hadn't been well, just as good as they might in the future. They've been different since."

Miss Flora Boyko Tells How Cuticura Healed Her Pimples

"My face was very itchy at first, and after that it was covered with pimples that were very bad. The pimples were hard and red and itched so much that I was almost blind. I was very small, and they were scattered all over my face and neck. I was very embarrassed and I could not sleep."

"These bothered me until a year before I used Cuticura Soap and Ointment. When I used Cuticura Soap and Ointment I found that it cured my skin. I am now a healthy girl and I can sleep at night."

The shock of her words brought him quickly to his feet. It seemed to Mr. and Mrs. Duncan were the ideal father and mother. It was impossible to associate them with a home where things hadn't been just as good as they might. But her half confession left no room for remark.

"Mother told me," she went on, after a long silence, and without looking at him. "A few years ago, if someone had only told me, when I was your age," she said.

"Why do you tell me this?" he suddenly demanded.

"Did you ever feel that you just felt by your strange feeling that you felt?" he confessed at length.

"Then tell me."

So he led her down through the tragedy of his youth and the lonely, ruthless course of his boyhood. She followed sympathetically to the day when Dr. Hardy and his daughter Irene became guests at the Elms, and then he told her of his first love, and how he had been so sympathetic, but he had become engrossed in his narrative.

Plotters Were Foiled

Pretentious Plot of Bolsheviks Ends In a Fizzle

Bolshevik plans for the seizure of Whitehall and of Westminster were laid early during the present year. It has just been disclosed. A number of extremists, most of whom are still engaged in Bolshevik propaganda in England, and in the United States, met and discussed the plans for this pretentious undertaking, which they had planned to execute by a so-called sailors' and soldiers' union.

One of the plotters since has been sent to prison, where he is still serving a sentence for having made revolutionary speeches. The plot came to naught because of lack of support and the watchfulness of the authorities.

Sure! High Heels Cause Corns But Who Cares Now

Benjamin's theory decrees that women grow and buckle up their tender toes high heel footwear they suffer from corns, then they cut and trim and cut and trim, which merely makes the corns grow bad. This suicidal habit may cause lockjaw, and women are warned to stop it.

A few drops of a drug called freeze-cream applied directly upon a sore corn gives quick relief, and soon the entire corn, root and all, lifts out without the removal of any hard or soft corn tissue.

Remove every hard or soft corn or callus from one's feet.

This other compound and dries in a moment and simply shrivels the corn without inflaming or irritating the surrounding tissue or skin. Clip this out and pin on your skin's dresser.

One Great Essential To a Woman's Health Is Her Nerves

Nature intended women to be strong, cheerful and happy as the day is long, instead of being sick and nervous. If you have any nerve trouble, you are not healthy and happy when the whole nervous system is straining.

The trouble is they pay more attention to their social and household duties than they do to their health. It is any wonder, then, that they become irritable and nervous, have hot flashes, faint, and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessing of good health.

P. H. H. Ryan, Grand, N.S. writes: "I have been a great sufferer from nerve troubles. I was so weak and nervous. I could not sleep at night and my appetite was very poor. I was so nervous that I was almost unable to tremble. I had lost sleep and my health was ruined. When I used your second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am now strong and healthy. I can now sleep and my health is restored. I can now sleep and my health is restored. I can now sleep and my health is restored."

Old Age Deferred

BY DR. LEE H. SMITH

Business men who must speed up the works and make business boom during these days—after the war—must recognize the necessity of keeping fit. When mind is belaguered, when you have dull headaches or feel foggy, when not "up to snuff," keep the bowels free with a mild laxative. In the morning take a tepid sponge bath; cold water may be used if it does not chill; follow with a brisk rub down; a sufficient "setting up" exercise in good air until you are in a warm glow. Have you tried it lately?

Don't let the poisons accumulate in the intestines either, but try a dose of castor oil the first thing on arising, or a pleasant laxative occasionally, such as one made up of May-apple, rhubarb and jalap, rolled into a thin sugar-coated pill, and sold in every drug store as Dr. Pierce's Pleasant Pellets. Then a cup of hot water before breakfast, and you'll feel better than a king! If you continue in this life, you can pass a life insurance examination at sixty.

If you wish to prevent old age coming on too soon, or if you want to increase your chances for a long life, you should drink plenty of soft (rain) or distilled water between meals. Then procure for the "drug store" Dr. Pierce's Anurie (anti-uric acid). This "Anurie" drives the uric acid out and relieves backache and rheumatism, as well as kidney troubles. Anurie dissolves uric acid as hot tea dissolves sugar.
